STATINTL

General Donovan wrote me a few days ago giving me your name and some information on your background. The General thought you might have some interest in this Agency. Consequently, I have sent his letter to the Personnel people requesting them to get in touch with you for the necessary forms and processing.

If you come to Washington, please come in to pay a visit, and if there are any questions on which I can help, please write me.

Yours very truly,

LAWRENCE R. HOUSTON  
General Counsel
